**DRONE SALES**

# DRONE SALES INTRODUCTION

DC Geomatics is an authorized DJI Agriculture and DJI Enterprise Dealer. As part of our dealer network, we have appointed regional sub dealers to do sales and support. We have our own repairs and maintenance division that oversees the hardware use and manages the drone lifespan in accordance with the manufacturer requirements.

## Drone Hardware Supplier

DC Geomatics is an importer of drones and related hardware. We are an authorised DJI Dealer and SADC distributor based in South Africa. We have resourced ourselves with warehousing and logistics to ensure that we stand the best possible chance of delivering on time every time.

## Sales

DC Geomatics provides our partners with industry and hardware advice. We do not see ourselves as drone salesmen but rather solution builders, whatever the need, we can provide the right solution. We pride ourselves in after sales service and provide product training presented by experienced professionals.

## After Sales

We have setup a repair and maintenance network that can assess and repair drones in line with the manufacturer requirements. We also provide free product lifetime technical support with each sale.

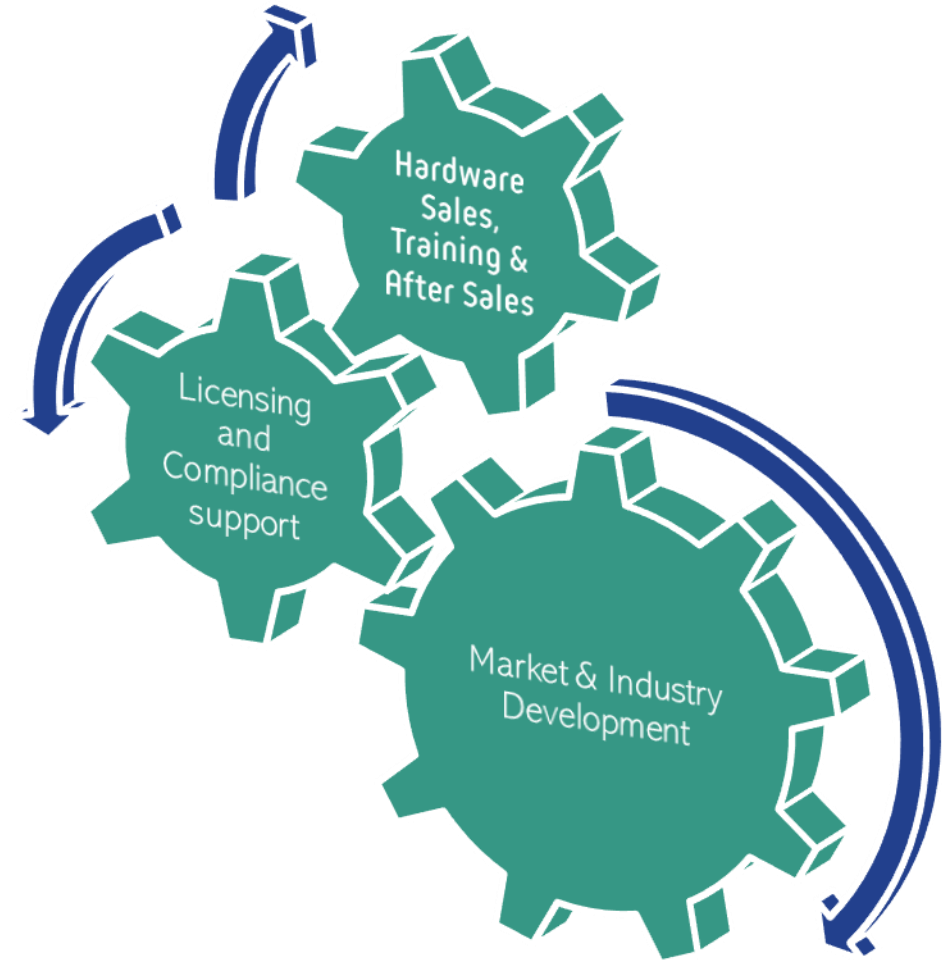

# DRONE SALES ADVANTAGES

The priority is effective training in the safe and effective use of the product. We have knowledgeable operational support capabilities and provide product lifetime support for each drone purchased from us. Our speedy after sales service ensures clients keep flying when they need to.

## ADVANTAGES

- Optional drone compliance service (Compliance Partnerships)
- Setup assistance and product lifetime technical support
- Experienced in use of the drones across all sectors
- Dedicated Training Division
